Discussion

Ms. Kelly requested to amend the agenda "Delegating to the Division issuing Shop License' for discussion.

A motion was made by Mr. Meyers, seconded by Mr. Benson to amend the agenda as stated.

The motion carried unanimously.

Ms. Ashley – Board Liaison- posed a question to the Board asking if the Board can consider allowing the Division to process and approve Cosmetology Shop Establishment application if: 1) they previously held an active license, and 2) allowed the license to expire and go into a reapplication status due to non-renewal. The Division would impose a late fee in conjunction with the current application fee required for all shops and establishments.

Mr. Cook- stated that establishment should be held accountable for the lapse of their establishment license and for the rules and regulations to remain the same. If a establishment license lapse in a 45 day period, they must re-apply and process their application for approval from the Board.

Mr. Cook – Suggested to the board that the matter of hand washing sinks should be a matter of Public Health. Mr. Cook also identified a problem with the diagrams that are submitted with the application, that they are ineligible to read. Mr. Cook suggested to the board that another form be provided or the diagram for an establishment should be presented on graphing paper.

Ms. Kelly brought before the Board the concern of the Diagram provided by the Division, and the matter of sinks should be a Public Health concern, hand washing sinks are becoming a significant matter for denying establishments for licensing.
